

April 30, 2020

Dear Pathways Families,

At this time all students should have received a login for online instruction. If you have not or are experiencing any challenges, please contact your teacher immediately. Logins are being monitored to assess student progress and engagement, and to determine if additional help is needed. It is expected that all online students log in a minimum of twice per week per course.

Now is a great time to earn credits, catch up or accelerate your progress (and graduate early)! If you want to know more about increasing your pace toward graduation, just ask your teacher.

English and Math summer SGI (small group instruction) classes are enrolling now. These classes fill up quickly so talk to your teacher as soon as possible to learn more or reserve your seat.

For any other questions, or if you find yourself struggling to keep up, please do not hesitate to reach out to any Pathways teacher or staff member. We're here for you!

All our best,

Your Pathways Team
