

May 8, 2020

Dear Pathways Students and Families,

As this is teacher appreciation week we'd love to hear from you! Please let us know how you are doing. We'd also love to know your strategies for staying organized and on track, or if you've read a great book or seen an inspirational movie lately!

If you are wanting to do something nice for your teachers this week, please consider leaving a review for them on Great Schools and/or Niche.com. Both are online school review platforms and we are having a contest to see which teacher gets the best reviews, so be sure to give them props by name!

Remember that summer English and Math courses are starting on Monday. These summer classes are a great way to get caught up or pull ahead! They will be taught online, but in scheduled teacher-led classes so you will have lots of help.

Finally, we wanted to remind you that Learning Period 10 is in progress. All students should be working to complete at least five units by the end of the period. As you know, distance learning will continue through the remainder of the school year.

Stay healthy and safe!

Jon Keith
